

KADHIRAVAN A

Data Scientist

Chennai, Tamil Nadu | +91 6383809269 | kadhiravan2026@gmail.com | kadhiravan-portfolio.com | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

Motivated aspiring Data Scientist with a strong IT academic background and hands-on experience in machine learning, data visualization, and analytics through internships and industry simulations. Proficient in Python, SQL, Power BI, and predictive modeling. Eager to apply analytical skills to solve real-world business problems.

TECHNICAL SKILLS

Programming & Databases: Python, SQL, Excel

Data Science & Analytics: Machine Learning, EDA, Feature Engineering, ETL Pipelines, Model Evaluation

Libraries & Frameworks: Pandas, NumPy, Scikit-learn, Matplotlib

Business Intelligence: Power BI (DAX, Power Query), Tableau

PROJECTS

HR Analytics Dashboard

Jul 2026

Technologies: Power BI, Excel, DAX, Power Query

- Problem:** Organizations struggle to track employee attrition and performance trends manually.
- Approach:** Designed an interactive dashboard using Power BI with dynamic DAX measures and Power Query transformations to model HR KPIs.
- Outcome:** Enabled clear visualization of workforce demographics and performance metrics to support data-driven HR decisions.

Zomato Chennai Location Intelligence

May 2026

Technologies: Python, Pandas, Streamlit

- Problem:** Restaurants lack data-driven insights for optimal pricing and location selection in Chennai.
- Approach:** Built an interactive Streamlit application and performed extensive EDA using Pandas to analyze pricing trends and customer preferences across zones.
- Outcome:** Delivered actionable location and pricing strategy recommendations based on data patterns.

Sales Prediction Using Machine Learning

Dec 2025

Technologies: Python, Scikit-learn, Matplotlib

- Problem:** Businesses require accurate sales forecasts for inventory and resource planning.
- Approach:** Developed a Linear Regression model with data preprocessing and feature engineering using Scikit-learn.
- Outcome:** Evaluated model performance using regression metrics and generated visual forecasts to aid business planning.

INTERNSHIP EXPERIENCE

Data Science Intern

Aug 2025 – Jun 2026

BDreamz Global Solution Pvt Ltd, Chennai, Tamil Nadu

- Performed data cleaning and preprocessing on raw datasets from multiple sources using Python and SQL, ensuring high-quality data for analysis and reporting.
- Assisted in building machine learning models and creating visualizations to support business insights and decision-making processes.

EDUCATION

Bachelor of Technology, Information Technology

2022 – 2026

Anna University – St Peter's College of Engineering and Technology

- CGPA: 8.54 / 10

CERTIFICATIONS

- Advanced Data Science — Besant Technologies
- Data Analytics & Visualization Job Simulation — Accenture Forage
- Data Science Job Simulation — BCG X Forage
- Data Visualization Job Simulation — Tata Forage
- Data Science Job Simulation — British Airways Forage
